The tied house exemption application works as expected on the manufacturer licence.

The manufacturer licensee sees:

Manufacturer

Details	Location	Operate	Request Changes
<p>1</p> <p>Manufacturer's Establishment Distillery</p> <p>Licence Number: 305976 Expiry / Renewal Date: 05/31/2024 Status: Active</p> <p>Download Licence</p> <p>Add Licensee Representative Manage Off-Site Storage</p>	<p>123 Innovation Street 100 Mile House BC V9A6X5</p> <p>(250) 012-3456</p> <p>store@email.com</p>		<p>Transfer Licence</p> <p>Add or Change a Third Party Operator</p> <p>Invitation for Tied House Exemption</p> <p>Change to an Approved Picnic Area</p> <p>Change to Hours of Liquor Service (Lounge Area, outside Service Hours)</p> <p>Change to Hours of Liquor Service (Lounge Area, within Service Hours)</p> <p>Change to Hours of Liquor Service (Special Event Area, outside Service Hours)</p> <p>Change to Hours of Liquor Service (Special Event Area, within Service Hours)</p> <p>Establishment Name Change Application</p> <p>Facility Structural Change Application</p> <p>Lounge Area Endorsement Application</p> <p>New Outdoor Patio (Manufacturer) Application</p> <p>On-Site Store Endorsement Application</p> <p>Picnic Area Endorsement Application</p>

The licensee submits their application for an exemption and says which licence they are asking for the exemption for.

The licensee for the licence that the manufacturer specified then sees the application in their dashboard:

Rural Licensee Retail Store Application

The Rural Licensee Retail Store (RLRS) licence is intended for rural communities and tourist destination resorts, which are generally unable to support a standalone liquor store, i.e. a Licensee Retail Store (LRS) or Government Liquor Store (GLS). A RLRS licence authorizes a licensee to sell packaged liquor (beer, wine, coolers, cider and spirits) in a full-service general grocery store for customers to purchase and consume away from the store.

Please note:

Due to the high volume of applications, we ask that you limit questions about the status of your application as much as possible. Answering fewer questions provides us more capacity to process applications.

We will contact you regarding your application as soon as we have an update to communicate, have information that you will need to know, or are requesting additional information from you.

Thank you for your patience.

	Application	Status	Actions	Apply for Endorsements
1	Mitchell's Dirty Laundry Tied House Exemption Application Job No: 009532 Reference #: T&C - Mitchell's Dirty Laundry - 009532	NOT SUBMITTED This application has not yet been submitted.	Complete Application Cancel Application	
2	Lily's Great Relocation Temporary Suspension Request Job No: 009529 Reference #: DEL - Lily's Great Relocation - 009529	NOT SUBMITTED This application has not yet been submitted.	Complete Application Cancel Application	
3	Mitchell's Dirty Laundry Tied House Exemption Application Job No: 009527	NOT SUBMITTED This application has not yet been submitted.	Complete Application	

That licensee then completes the application.

What needs to change:

Licensing would like the tied house exemption application to be available for manufacturer licence applications that have been paid for and submitted, but are not yet approved. Currently only the following applications are available in the dashboard before the licence is issued:

121	Test - Distillery Manufacturer Licence Job No: 008450 Reference #: MFR - Test - Distillery - 008450	UNDER REVIEW This application has been received and is being reviewed by the LCRB.	+ Add Supporting Documents	<ul style="list-style-type: none"> Picnic Area Endorsement On-Site Store Endorsement Lounge Area Endorsement Special Event Area Endorsement Request Change in T&Cs or Request for Discretion Tied House Exemption Removal
-----	---	--	--	---

In these cases, the application is created and the parent application is filled in:

In this case there would be a tied house licence application.

- The exemption application will be approved after the manufacturer licence is approved.
- When the exemption is approved, the licence (the other licence, not the manufacturer) should be added to the T&C that was created on the exemption application and a 'related licence' should be created the same way that is done if the licensee applied after the manufacturer is approved.
